vCONDUCTOR

SKID 63
COLLECTOR
SPECIFICALLY FOR SKILLET CONVEYORS

QUICK AND EASY
• Quick installation
• Simple maintenance

PROCESS RELIABILITY
• Reverse polarity protection
• Self-centering
• Optimal cable guidance
SKID 63

TECHNICAL DATA

• Possible deflection: ± 30 mm ↔
• Travel speed: up to 180 m/min
• Max. current capacity: 63 A per collector brush
• Touch protection as per IP21
• PE polarity protection
• UL approval
• Automatically centering for funnel entry
• Optimized for bi-directional travel
